If only we could, we surely would! On the other hand, using file can actually save you money. You can give this download link to your friends by mail orinstant messenger. You don't need any special software installed to be able to download your files. You decide who you want to share your files with. File isfree to use with no gotchas and no hidden fees. It is also allowed to link to the download page from websites and communities. This is easy, fast and reliablefilehosting! You don't need any kind of premium-accounts. Simply upload your file and share the link. Using file, you can circumvent those limits withoutpaying to upgrade your team chat service. No account or credit card is required to get started. When you use file, you avoid storing the file you're sending inyour cloud storage or mail server. So try our free and simple filehosting service now. You can upload any type of file (movies, music, documents, images, zipfiles and more). Keep your files private, or send your download links only to friends or family. The cost of that data transfer is covered by your internet serviceor the data plan on your phone. Unfortunately, we can't make that part free. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. We have no file size limit. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Our service is completely freefor everyone. Files can be downloaded from any computer from our high speed servers. Any file in any format can be uploaded and downloaded for free. Thereare no restrictions on the number of times a file can be downloaded. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of
